# ROUND CABLE LED FLAME RETARDANT WHITE 2X0.5

2x0,50 mm - Power cable for LED

Référence TSK1172

Flame retardant white soft PVC sheath.
Outside diameter of the cable. 5.80 (ñ 0.20) mm.
The cores are twisted in a pair, with a fill between the conductors and wrapped with polyester based non-woven tape.
Insulation with PVC, colored one black and one red.
Core diameter. 1.80 (ñ 0.20) mm.
Red copper stranded formation O.F.C. 16x0.20 mm.
Nom. Section 2x0.50 mmý.
Ownership:
Conductor resistance 38.00 Ohm / Km
Maximum rated voltage 49 V
Operating temperature -20 / + 70 ø C
RoHS2 Compliant: Ver. A / 16.05.16
