MULTIPOLAR CABLE 8X0.22MM FLAME RETARDANT PVC SHEATH

Flexible sheathed cables for wiring and electronics.
Conductors: O.F.C.
Cond insulation: fireproof PVC
CEI 20-22 / II
Core colors: DIN 47100 standards
Outer sheath: flame retardant PVC CEI 20-22 / II .

Reference: FSC8022

Flame retardant soft PVC sheath. Available in different colors.
External diameter: 5.30 (ñ 0.20) mm.
Core insulation with flame retardant soft PVC sheath.
Color code DIN 47100 standards - Diam.1,10 (ñ 0,20) mm.
Red copper stranded formation O.F.C. 7x0.20 mm.
Nom. Cross section 8x0.22 mmý.
Ownership:
Conductor resistance 79.15 Ohm / Km
Maximum rated voltage 49 V
Operating temperature -20 / + 70 ø C
RoHS2 Compliant: Ver. A / 06.07.16
