
TRANSPARENT FLAT 2X6.00 50MT

Flat divisible transparent
cable - 2x6.00 mm
Transparent PVC sheath

Référence C135TN

Soft transparent PVC sheath.

External dimensions of the cable 6.10 x14.00 (ñ 0.20) mm.

Both O.F.C.red copper conductors, made with elementary wires wound in two passes to create the cores.

Nominal section 2x6.00 mm², formation 25x7x0.20 mm.

Conductor resistance 2.75 Ohm / Km

Maximum rated voltage 49 V

Operating temperature -15 / + 70 ø C

RoHS3 Compliant: Ver. A / 16.05.17
