
WIRED PAR LIGHT FOR OUTDOOR USE WITH 20 RGBWA+UV LEDS AT 12W - IP65

Par LED wall washer RGBW
20 x 12W IP65

Reference: ZZEN2012WP

RGBW 20 x 12W IP65 LED Wall Washer Pair

The most powerful pair in the series, when significantly higher power is needed.

Powerful and compact fixtures made of aluminum extrusion for unmatched durability and thermal efficiency.

The choice for large installations where the subjects to be illuminated are particularly important or for large stages.

The included brackets allow for ground installation or hanging on trusses with an inclination of over 180°.
