## Moving head "Beam" with 311W discharge lamp, motorized zoom, and 4 overlapping prisms.

After months of research and development, ZZIPP is proud to present the ZZODIAC series. A line of professional lighting designed for those who seek a reliable, durable product with an extraordinary quality-to-price ratio.

ARIES380 is a compact and fast moving head with a 311W discharge lamp and an extravagant standard equipment that includes 4 overlapping prisms. It features color wheel with 13 colors + open, gobo wheel with 13 fixed gobos, motorized focus, rainbow filter, double circular prism + linear prism on wheel 1, and double circular prism with 20 and 24 faces on wheel 2 to offer an unparalleled combination of effects.

A powerful and high-performing lamp suitable for a wide range of performances. Thanks to its power and particularly narrow beam, less than 2°, it is perfectly suited for impactful back or direct lighting where the need is to see a solid and compact beam.
