Moving Head "Beam" with
250W Discharge Lamp and
Dual Ring of RGB LEDs
around the Lens.

Reference: GEMINI

Moving Head "Beam" with 250W Discharge Lamp and Dual Ring of RGB LEDs around the Lens.

After months of research and development, ZZIPP is proud to present the ZZODIAC series. A line of professional-oriented stage lights for those who seek a reliable, durable product with an extraordinary value for money.

GEMINI is a compact and fast moving head with a 250W discharge lamp, equipped with features that rival high-end products. It has a color wheel with 13 colors + open, gobo wheel with 11 fixed gobos, motorized focus, rainbow filter, overlapping double circular prism, and a double ring of 24 + 32 0.2W RGB LEDs for creating captivating backlight effects.

A powerful yet lightweight lamp suitable for any type of performance. Its ease of use and installation make it the ideal companion for those looking to achieve impactful shows with minimal setup effort.

Technical Specifications

- Light Source: 250W
- White Temperature: 7500°K
- Coated Anti-Reflective Glass Lens
- Aperture: 128 mm
- Beam Angle: 0-2 degrees
- Control Modes: DMX512, Master-Slave, Auto, Sound
- Number of Channels: 25CH
- Dimmer: Linear Dimming 0%-100%
- Color Wheel: 13 colors + open
- Gobo Wheel: 11 fixed gobos + open
- Rainbow Filter
- Prism 1: 24 facets
- Prism 2: 8 facets
- LED Ring 1: 24 0.2W RGB LEDs
- LED Ring 2: 32 0.2W RGB LEDs
- Rotation Angle: X-axis 540 degrees, Y-axis 270 degrees, automatic front positioning
- Automatic Error Correction: Horizontal and vertical photoelectric restoration system, accidental collision error can be automatically recovered and restored
- Intelligent Fan Speed Adjustment
- Dimensions (W x H x D): 350 x 480 x 200 mm
- Net weight: 9,4 kg
