Moving Wash Light with Motorized Type, featuring 12x40W 4-in-1 RGBW OSRAM LED Source with Zoom and Pixel Control Function.

Reference: TAURUS

Moving Wash Light with Motorized Type, featuring 12x40W 4-in-1 RGBW OSRAM LED Source with Zoom and Pixel Control Function.

After months of research and development, ZZIPP is proud to present the ZZODIAC series. A line of show lights designed for professionals seeking a reliable, durable product with an extraordinary price-quality ratio.

TAURUS is a large-sized motorized wash moving head with an extraordinary power of 12 RGBW OSRAM LEDs, each with 40W. The lamp is suitable for a variety of applications, thanks to its wide zoom range up to 60°. With just a few fixtures, it can uniformly illuminate large backdrops.

Each LED is individually controllable in the extended DMX configuration, while in the standard configuration, it offers automatic macros for users who need spectacular effects but do not have the opportunity to operate on many DMX channels.

Technical Specifications

- Light Source: Osram 4-in-1 LED light source, 12 x 40W
- Linear DMX Zoom: 4° - 60°, with automatic focus function
- Electronic Strobe: 0.3 ~ 25 times per second
- Electronic Dimming: Linear adjustment 0 ~ 100%
- Control Modes: DMX512, master-slave, automatic execution, sound-activated mode
- Number of Channels: 19CH - 67CH
- Rotation Angle: from X to 540 degrees, from Y to 270 degrees, automatic repositioning
- Automatic Error Correction: Horizontal and vertical photoelectric restoration system, accidental collision error can be recovered and restored automatically
- Intelligent Fan Speed Adjustment
- Dimensions: 390 x 365 x 270 mm
- Net Weight: 13,6 kg
