HAZER MACHINE 1200W

Continuous Flow 1200W Fog Machine

Reference: HAZZE1210

Continuous Flow 1200W Fog Machine

We find all the quality and robustness of the ZZFM series also in the HAZZE fog machines. Compared to smoke machines, fog machines are designed for continuous flow where the device continues to emit the effect. Less concentrated power in a few outputs but a continuous flow that fills environments to enhance light effects or create atmospheres.

Technical Specifications:

- Power: 1200W
- Maximum Fan Power: 16W
- Heating Time: 3.5 minutes
- Fluid Consumption: 0.5-10ml/min
- Maximum Fan Airflow: 180m2/h
- Electronic Temperature Control
- 2-channel DMX Control, Display (with timer function), and Wireless Remote Control
- Pump Block for Liquid End
- Controlled by MicroChip: from microchip.com
- Electronic Flow Control
- Automatic Nozzle Cleaning
- Tank Capacity: 5 liters
- Silent Operation
- Dimensions: 345 x 365 x 480 mm
- Weight: 9.6 Kg
