MIXER WITH 6 MIC/LINE INPUTS + MASTER OUTPUT AND HEADPHONE OUTPUT

The new ZZONE amplifier line is designed to meet the needs of meticulous installers looking for versatility, completeness, and ease of use. The ZZONE602MX model stands out as a microphone/line mixer with 7 channels, including 5 suitable for multi-purpose stereo mic/line inputs. The mixer includes a dedicated microphone input with adjustable talkover and a priority system, ensuring optimal control. Its seamless integration with evacuation centers is made possible thanks to the emergency signal input. The ease of use is further highlighted by the dedicated front input for mobile devices, allowing instant connection of smartphones, tablets, and laptops with extreme simplicity.
