MIXER WITH 6 STEREO LINE  
INPUTS + 2 MICROPHONES,  
3 ZONE OUTPUTS + 1  
STEREO OUTPUT

Reference: ZZONE640MX

## MIXER WITH 6 STEREO LINE INPUTS + 2 MICROPHONES, 3 ZONE OUTPUTS + 1 STEREO OUTPUT

The new ZZONE amplifier line has been designed to meet the needs of meticulous installers seeking versatility, completeness, and ease of use. The ZZONE640MX model is the ideal choice for medium-sized multi-zone audio systems, offering 6 input channels and 4 output zones, including one stereo master and 3 mono zones.

The mono zones can carry the signal from the stereo zone or one of the 6 input signals.

With two adjustable microphone inputs in priority, they can be included or excluded from each output zone.

The immediate controls on the front, along with the more advanced ones on the back, make the ZZONE640MX mixer perfect for those seeking quality and flexibility in audio management.
