
200W MOVING HEAD 3 IN 1 LED LIGHT WITH 6 FIXED GOBOS AND 7 ROTATING GOBOS

Motorized hybrid spot, beam, and wash moving head with 200W LED lamp double gobo wheel: fixed and rotating.

Reference: SAGITTARIUS

Motorized hybrid spot, beam, and wash moving head with 200W LED lamp double gobo wheel: fixed and rotating.

After months of research and development, ZZIPP is proud to present the ZZODIAC series. A line of lighting for the entertainment industry oriented towards professionals who seek a reliable, durable product with an extraordinary price-quality ratio.

SAGITTARIUS is a compact and ultra-fast moving head with a 200W LED lamp and a standard equipment that rivals high-end products. Color wheel with 9 colors + open, gobo wheel with 6 fixed gobos and 7 rotating gobos, rainbow filter, 8-facet prism.

A powerful and lightweight lamp suitable for any type of show. Its ease of use and installation make it the ideal companion for those who want impactful performances with minimal energy expenditure for setup.

Technical specifications

- Light source: 200W LED
- White temperature: 8000°K
- Coated anti-reflective glass lens
- Aperture: 100 mm
- Beam angle: 3.5 - 20 degrees
- Control mode: DMX512, master-slave, auto-run, Sound
- Number of channels: 16CH
- Dimmer: linear attenuation 0%-100%
- Color wheel: 9 colors + open
- Fixed gobo wheel: 6 gobos + open
- Rotating gobo wheel: 7 gobos + open
- Rainbow filter
- 8-facet prism
- Rotation angle: X axis 540 degrees, Y axis 270 degrees, automatic front positioning
- Automatic error correction: horizontal and vertical photoelectric restoration system, accidental collision error can be automatically recovered and restored
- Intelligent fan speed adjustment
- Dimensions (W x H x D): 305 x 565 x 215 mm
- Net weight: 12.6 kg
