LED STROBE BAR 700W IP65

LED Strobe Bar with 672 RGB LEDs and 112 White LEDs of 700W - IP65

Reference: SCORPIO700

LED Strobe Bar with 672 RGB LEDs and 112 White LEDs of 700W - IP65 Protection Rating

The SCORPIO700 from ZZodiac represents the future of professional lighting for events and installations. With its innovative design, combined with high-level technical performance, this LED strobe bar is designed to meet the needs of light designers, event technicians, and installers looking for a versatile, powerful, and durable solution. Thanks to the combination of 672 RGB LEDs, 112 CREE white LEDs, and an IP65 protection rating, it offers dynamic and impactful lighting effects, making it ideal for live shows, theaters, and permanent installations both indoors and outdoors.

Designed to ensure maximum efficiency and ease of use, the SCORPIO700 stands out for its high CRI, ensuring faithful color reproduction and flicker-free lighting.

Technical Specifications:

- Power consumption: 700 W
- Voltage: AC100-240V 50/60Hz
- Light source: 672 x 0.5W RGB LEDs + 112 x 3W CREE white LEDs
- Strobe: 0-20 times/second, electronic strobe
- Beam angle: 120°
- Control signal: DMX512
- Number of channels: 6/9/13/16/18/32/32A/38/43/64/112/127 CH
- Control modes: DMX512, master-slave, auto-run, RDM
- Dimmer: 0-100% linear adjustment
- Display: OLED Display
- Protection rating: IP65
- Side hooks for battery linking
- Double-tilt foot design, floor or hanging placement
- Die-cast body for optimal heat dissipation
- Dimensions: 1000 x 110 x 140 mm
- Net weight: 7.5 kg
