16-CHANNEL ANALOGUE CABLE BOX XLR 5/3-POLE M/F

ANALOG 16-CHANNEL 5/3-PIN XLR MALE/FEMALE CABLE BOX

Reference: ZZCB16

ANALOG 16-CHANNEL 5/3-PIN XLR MALE/FEMALE CABLE BOX

Analog cable box with 16-channel 5/3-pin XLR connectors, designed for reliable DMX/Audio signal distribution. The rugged metal chassis provides excellent electromagnetic shielding and mechanical protection, while the internal wiring ensures signal continuity and long service life. Its compact format allows tidy patching, reduces clutter on stage or in the rack, and is available in multiple configurations to meet specific routing needs.

Technical features:

- 4 RJ45 connections to be used as in-out
- 4 male 3-pin XLR connections
- 4 female 3-pin XLR connections
- 4 male 5-pin XLR connections
- 4 female 5-pin XLR connections
- Connectors mounted directly on the strain-relief plate
- Metal chassis
- Dimensions: 18.3 × 9.6 × 10 cm
- Weight: 900 g
