SPEAKER WITH WOODEN
CABINET 500 + 100W

Reference: ZZAR112

Professional Powered Speaker with Wooden Cabinet

With the new ZZAR series, ZZIPP expands its range of high-quality PA speakers with integrated power amplifiers and DSP control functions to achieve optimal sound in any type of setting and installation.

The DSP allows you to set various equalization presets: LIVE, MUSIC, SPEECH, DJ. Additionally, to optimize the speaker's sound, you can also set positioning presets: TRIPOD, MONITOR, WALL, SUSPEND, based on the speaker's chosen position. These adjustments will ensure that the speaker always reproduces optimal sound in any application and environment. Bluetooth connectivity completes the features of this PRO-grade product.

The speaker enclosure features multiple threaded M10 mounting points (top, sides, and back).
