PRODUCES DENSE SMOKE THAT REMAINS ON THE GROUND, 1200W

LOW FOG MACHINE 1200W
COMPACT SMOKE MACHINE

Reference: ZZFMLOW1200

1200W Low Fog Machine

A compact machine with incredible power output.

It doesn't require dry ice or CO^2, just simple water and regular fog machine fluid to produce an extraordinary "cloud" effect.

Its compact size makes it easily transportable and highly versatile. It is also equipped with a convenient valve on the front for easy drainage of the water tank after use.
