MICROPHONE CABLE PREMIUM 2X0,22 FLUO BLU100 MT

Extra-flexible balanced microphone cable - 2x0.22 mm - FLUORESCENT BLUE color
APPLICATIONS Audio cables, microphones and multiline audio.

Reference: T32/BL

Extra soft PVC sheath. Available in five different special colors.
Fluorescent blue, fluorescent green, fluorescent yellow, fluorescent orange and transparent brown.
Diam. 6.30 (ñ 0.10) mm.
O.F.C.red copper spiral shielding 90% red copper spiral cover.
The cores are wrapped in pairs with padding between the conductors
PE core Insulation, colored one white and one blue.
Diam. 1.50 (ñ 0.10) mm.
O.F.C. red copper formation 14x0.14 mm.
Nom. Section 2x0.22 mmý.
Ownership:
Conductor Resistance 85.50 Ohm / Km
Capacity Core / Core 48.50 pF / m
Capacity Core / Shield 75.00 pF / m
Max Rated Voltage 49 V
Operative Temperatures -15 / + 70 ø C
RoHS2 Compliant: Ver. A / 08.11.17
